THE DETAILS

The Walking Club Coordinator would be responsible for engaging with Panorama Hills community members and coordinating regularly scheduled walks throughout the community and surrounding areas. This group is open to all ages and abilities and this must be considered when planning walks.

THE IMPACT

Aside from the positive physical health impacts of walking, the social impact is where the value will be. The goal is to encourage community members to create connections with new and old friends and help stop the isolation that many have felt over the past year.
